

Freelance Web Developer

BCF is looking for an experienced freelance web developer to assist our team with new and ongoing digital projects. Hours will vary based on weekly workloads and project needs. The ability to work onsite in our Virginia Beach office is strongly preferred, however we're open to remote opportunities in certain circumstances. Ideal candidates will have 5-10 years of web development experience.

Candidates should have a strong understanding of existing technologies such as Javascript and Bootstrap, with a knowledge of emerging technologies such as chat/AI, SPAs and RAIL a plus.

Requirements with advanced knowledge a plus:

- CMS development with advanced Drupal experience and Wordpress experience
- HTML5/CSS3
- JavaScript/jQuery
- Responsive framework experience
- PHP/MySQL
- API integration
- Source and version control such as Git
- Testing and debugging across an array of browsers and devices
- Knowledge of browser based developer tools
- SASS & LESS

Additional experience with the following are a plus:

- HTML5 Display Banner animation and development
- Advertising network integration with DoubleClick, Facebook etc
- SPA and mobile development
- Server environment experience
- Familiarity with the Adobe Suite
- Third Party integrations and/or data feeds
- Email marketing platform familiarity and responsive email development

Please email Cover Letter, Resume and a list of URLs to recent work to jstratton@bcfagency.com. Please include an hourly rate and your current availability with your response. Submissions without URLs will not be considered. No phone calls please.

BCF is an Equal Opportunity Employer and Drug-Free Workplace.
